Showroom and marketing

A physical showroom in Namestovo and a full-service marketing agency behind us: website, catalogues, campaigns and lead generation in local languages.

Warehouse and logistics in Central Europe

Container storage and a distribution warehouse in Slovakia, 20 km from the Polish border. Delivery across Slovakia and Czechia within 48 hours.

Local sales and after-sales

We sell to companies, architects, fit-out partners and public institutions, and we provide warranty service and spare parts locally.

Two EU markets, one contract
